"Towards Independence"

## PRINCIPALS MESSAGE

LISA THOMAS

Today is a sad day at Gordon Education Centre as we are losing one very special lady. Mrs Chris Muller has been an SSO with the education department for over 30 years. She has supported many staff and numerous students at GEC for many years. Mrs Muller always puts the needs of the students before her own. She can be found in many Op shops and auctions seeking out a good bargain and would often bring them into school for a student she knew was in need.

Chris, you have a heart of gold and you will be deeply missed by all the staff and students. Enjoy your retirement and make sure you keep in touch and tell us all about your adventures.

Best wishes
